DETAILED ACTION

Drawings

1. The drawings filed February 6, 2004 are acceptable.

Allowable Subject Matter

2. Claims 1-35 are allowed.

Examiner's Reasons for Allowance

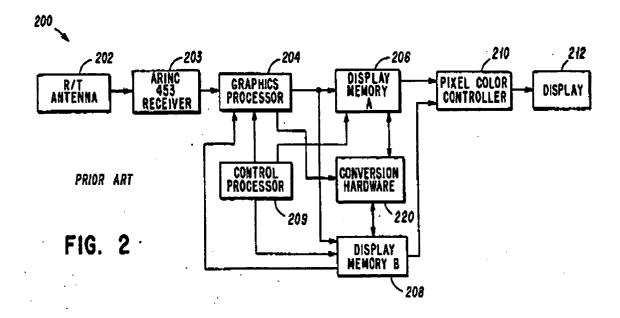

3. The following is an examiner's statement of reasons for allowance:

The prior art fails to render obvious the claimed system and method for presenting description of hazards on a display including, inter alia, selecting first scan mode for updating an image in accordance with the data portion relating to a hazardous region, selecting a second scan mode for updating in accordance with the data portion which is not related to the hazardous, and using the first scan mode to update a portion of the region associated with the hazardous region with less delay as claimed.

The prior art, as exemplified by US 5049886 A to Seitz et al, shows a typical weather radar system including ARINC receiver 203, graphics processor 204, and display 208. (see Figure 2 reprinted below).

Application/Control Number: 10/774,060

Art Unit: 3662

However, the prior art cannot fairly render obvious the claimed system and method including, inter alia, selecting first scan mode for updating an image in accordance with the data portion relating to a hazardous region, selecting a second scan mode for updating in accordance with the data portion which is not related to the hazardous, and using the first scan mode to update a portion of the region associated with the hazardous region with less delay as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
